

CISRS Basic Scaffolder Part 1 Training Course (Tube & Fitting)

Objectives

On completion of the course delegates will be able to:-

- Have an understanding of the statutory regulations.
- Have the knowledge and skill to be able to safely erect, as a member of a team, the various scaffold structures listed in the course content.
- Be working towards gaining a CISRS card and an NVQ Level 2 Assessment.

Who for

Candidates who have gained a minimum of 6 months experience within the scaffolding industry.

Course Content

- Independent Tied Scaffold.
- Putlog Scaffold.
- Birdcage Scaffold.
- Static Tower.
- Mobile Tower.
- Hoist Tower.
- Proprietary Systems.
- Roof/saddle/stack.
- Getting the knowledge and skill to be able to safely dismantle the scaffolds in their correct sequence, as a member of a team.

Training Method

A highly participative course with practical sessions to complement classroom theory session.

This course will be carried out at our own CITB approved training centre.

Additional Information

Delegates attending this course will achieve a trainee card. To progress their training, delegates will need to return after six months and attend a ten day Basic Part 2 course. Six months later delegates will need to attend a one-day assessment.

This training along with their completed and signed off NVQ Level 2 portfolio will ultimately gain them a basic Scaffolders card.

This course meets the criteria for CITB grants. CITB registered companies will be able to claim £26.00 per person per day for this course a total of £260.00. The UTN administration team will give full support for the application of this grant.
