

NRSWA

Signing, Lighting & Guarding (Unit 002)

Objectives

To gain accreditation to the standards laid down by City & Guilds in line with the New Roads & Street Works Act 1991 for excavation & reinstatement.

Who for

Designed for all personnel employed by local authorities, utilities and their contractors for the purpose of any road works in the highway.

Course Content

- Understand the safety implications of carrying out Streetworks, with particular reference to the protection of persons engaged on the works and avoidance of danger to the general public.
- Appreciate the need to maintain the free movement of vehicular and pedestrian traffic at the site, if the works are to comply with the restrictions imposed by the works and the adoption of safe working practices.
- Demonstrate the correct layout of appropriate signs, barriers, lamps, warning notices etc in compliance with the relevant advisory documents.
- Recognise conditions that may necessitate the introduction of special measures such as the installation of portable traffic signals, traffic diversion, road closure etc.
- Maintain the correct operation of portable traffic signals and reposition equipment as work proceeds.

Training Method

To meet the legal requirements of people working in the highway, UTN deliver a course to meet the City & Guilds criteria. A very hands on practical course with in depth training accompanied with practical assessments.

Additional Information

This course meets the criteria for CITB grants. CITB registered companies will be able to claim £26.00 per person per day. The UTN administration team will give full support for the application of this grant.
